Sir:

PETITION TO REVIVE
ABANDONED PATENT APPLICATION

Applicant respectfully requests that the above-identified application for which a Notice of Abandonment was received on May 21, 2007 be revived. After a final office action was issued on February 10, 2006, a telephone interview was conducted with Primary Examiner Douglas Hess in early May of 2006. During the interview, several amendments were proposed to the Examiner. After consideration, Examiner Hess telephoned the undersigned indicating that he would allow the application once those amendments were filed in a formal amendment and that there was no need to file an RCE. That amendment was filed on May 9, 2006 and can be seen in the Public PAIR system. In response to the undersigned's concern that there be something in writing in the file to confirm the Primary Examiner's agreement that the case was in condition for

allowance and that no further action was necessary on the part of Applicants to prevent the case going abandoned, Examiner Hess issued a facsimile dated August 1, 2006 (copy attached as Exhibit A) providing a copy of a Notice of Allowance which had not yet been mailed. The Primary Examiner thus confirmed in writing that the Notice of Allowance “is in our system so the case will not go abandoned. Your time period will start upon official mailing of this Notice of Allowance.” (Emphasis added).

Applicant understandably and reasonably relied on this official communication from the Primary Examiner. Periodic phone calls were made to Examiner Hess to determine the status of the application, including telephone voicemails on August 31, 2006 and October 1, 2006, a written Status Inquiry filed March 6, 2007, and a further telephone voicemail left for Examiner Hess on April 23, 2007. In a telephone call from Examiner Hess in early May of 2007, Examiner Hess apologized that the case had “fallen through the cracks” and unfortunately had not been acted upon by the Patent Office and that it was procedurally necessary for the Examiner to issue an advisory action and subsequently a Notice of Abandonment. Primary Examiner Hess indicated that a petition to revive should then be filed with a response to overcome the defective reissue declaration and other matters of form and that no petition or other revival fee would be required because the abandonment was the fault of the USPTO. Attached hereto, therefore, is Applicant’s response to correct the matters of form and to submit the new reissue declaration.

Revival of this application is respectfully requested. No fee is believed to be due under the circumstances as explained above and as agreed by Examiner Hess. However,

DREYER
Serial No. 10/606,783

if a fee is required, then authority is given to charge such fee to our deposit account No.
14-1140.

Respectfully submitted,

NIXON & VANDERHYE P.C.
